# Our Story

IMPACT Magazine has been providing Canadians with expert advice on health, fitness, and sports performance since the fall of 1991. Now in its 34th year, IMPACT is one of the longest-standing, independently owned, and most trusted magazine brands in Canada.

From the beginning, athletes ranging from Olympians to weekend warriors have turned to IMPACT for advice and information they can trust and use to pursue their own fitness journeys.

As a former fitness industry professional, publisher Elaine Kupser wanted to share relevant and credible information on health and fitness while also providing a venue for experts and business owners to showcase their expertise and brands. Despite the burgeoning fitness industry, in the early 1990s, Canada did not have any health or fitness magazines on the market. Kupser led the way in this sector of publishing. IMPACT Magazine began in Calgary, Alberta with just a \$5,000 investment and a dream and has now built a national network that highlights inspiring athlete stories, offers reputable content, and presents a credible platform where brands can confidently promote themselves.

Over the years, IMPACT has grown and expanded its reach into Vancouver and Toronto – and beyond. The company has created a reputation of integrity and reliability and developed fiercely loyal readers. Its community involvement program has supported hundreds of events, races and athletes over the years making IMPACT a well-known and loved brand.

Today IMPACT is available to readers worldwide through its digital platforms and online presence, but is still proudly Canadian. More than 250,000 people read each issue of IMPACT.

We've invested 34 years in inspiring and motivating readers to forge ahead on their own fitness journeys while creating a trusted brand with a loyal readership for our advertisers. #### SPORT / ACTIVITY PARTICIPATION

# 100% Plant-based

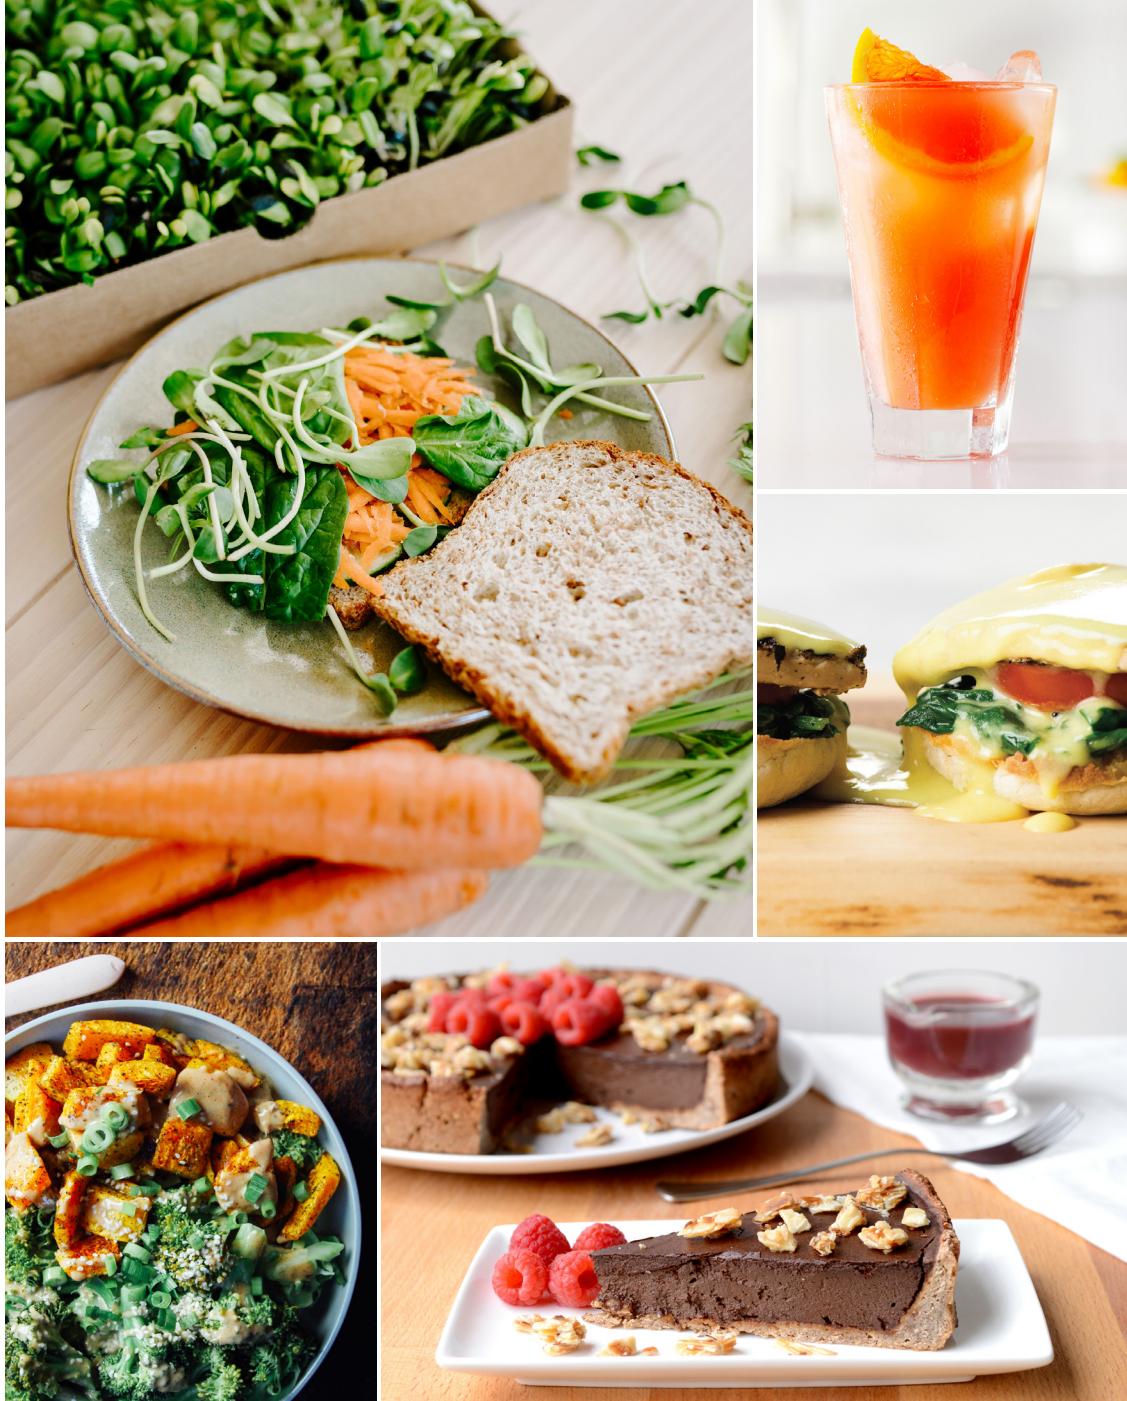

IMPACT Magazine is proud to only feature 100% plant-based food and nutrition content. With the help of our expert contributors, and solid research-based, responsible editorial, we believe presenting the healthiest options for our readers is the most powerful pathway to good health, improved fitness, recovery, sports performance as well as sustainability.

Our Food & Nutrition section has become one of our most highly-read, and interactive departments both in print and online, and who doesn't want a little extra flavour, inspiration and great food in their life?

Every issue, IMPACT presents ways to incorporate a whole-foods, plant-based diet in a positive, educational and delicious format - with the utmost integrity. We believe that the science speaks for itself and is hard to ignore. The top experts in their fields are among our nutrition contributors, and our vegan foodies are the best!

Athletes who have switched to a plant-based diet have experienced improved results in training, competition and recovery, and a plant-based diet has been linked to lower risk of obesity and chronic disease.

We are passionate about food and we're serious about our readers' health. And we have great recipes.
